Dear Fellow Kenyans in Korea (KCK Family),

Seoul is the vibrant capital of South Korea, where modern innovation blends seamlessly with deep-rooted history. The city is known for its towering skyscrapers, efficient public transportation, and cutting-edge technology, alongside historic landmarks such as Gyeongbokgung Palace and traditional hanok villages. Flowing through the city, the Han River offers scenic views and recreational spaces, while bustling districts like Myeongdong attract visitors with shopping, street food, and nightlife. Seoul is also a global hub for culture, driven by K-pop, cinema, and cuisine, making it one of Asia's most dynamic and influential cities

Kind Regards,

James Mwangi
